**Re.: Basic Beach Management - Sun 28th Feb**

Dear all, I'm looking forward to catching up with you on Sunday morning for your Silver Medallion Basic Beach Management Award and Assessment

To ensure we get through the Course in ONE day we'll need to get a cracking start - I'll be at the Clubhouse from 9.15 and I suggest we all arrive by 9.30am - we must start no later than 10.00am

*Before you arrive you MUST:*

1. register for the course at [www.mt.lsv-from-anywhere.com.au](http://www.mt.lsv-from-anywhere.com.au)
2. do the pre-reading prior to attendance - I have attached the [Learner Guide](#) which you can either print out or load onto your iPad or lap-top to bring on Sunday - you need to read this thoroughly before Sunday
3. download LSV [Standard Operating Procedures](#) from:  
[www.lifesavingvictoria.com.au/www/html/119-club-sops.asp](http://www.lifesavingvictoria.com.au/www/html/119-club-sops.asp)

Apologies for the late notice but the pre-reading is the only way we will finish the assessment on Sunday - please don't let the rest of the group down by not doing the preparation

Note there is an error in the Learner's Guide that refers to prerequisites - the ONLY prerequisite you will need to have is a current Bronze

*What to bring:*

1. Learner's Guide
2. Pen(s)
3. iPad or laptop with Learner Guide & SOP's already downloaded
4. SLA Public Safety & Aquatic Recue Manual (34<sup>th</sup> Edition)
5. Lunch & Drinks (tea & coffee provided)

Please feel free to contact me if you have any queries
