
COVID Update

As we continue to adapt to the ever-evolving pandemic to keep our people and communities safe, the Sorrento SLSC Committee wishes to confirm LSV's updated position and requirements regarding COVID-19 vaccinations as at **23rd October 2021**.

LSV recently sent communications to their Membership advising of the requirement for all Members or Club attendees to complete the [LSV vaccination status form](#). As a matter of urgency, we request that every Member launches the form and responds with their vaccination status.

It must be completed by members in the following positions/roles:

- Patrolling member
- Club committee member
- Administrator
- Age manager
- Coach
- Official
- Water safety
- Nipper parent/guardian attending program in person
- Training course participant*
- Course, event, nipper program helper
- Athletes aged 16 and over*

**Including anyone undertaking the SRC or bronze medallion*

For Members not listed above, (as per the CHO directions), the Service Victoria App (QR code) will need to be used upon arrival/entry to verify their COVID-19 vaccination status.

Additionally, LSV has been reviewing the Victorian Government's full suite of revised restricted activity directions to understand how our lifesaving activities, programs and services can proceed in accordance with the vaccination requirements. We have summarised this information as it applies to lifesaving in the [updated COVID-19 Vaccinations FAQs](#).

Please note, LSV are continuing to work through the government's advice and will provide all Members with the latest information as it comes to hand.

Please direct any questions, to our Club COVIDSafe Co-ordinator: Sebastian.Hales@sorrentoslsc.com or to the LSV COVIDSafeTeam: HealthAlerts@lsv.com.au, and your query will be addressed as soon as possible.

The Sorrento SLSC Committee wishes all of our Members a safe upcoming 2021/22 Summer Season.
