

## Summer 2020/21

We are excited to announce that after a long winter Sorrento SLSC is able to reopen to Members in time for a busy summer. COVID presents some unique challenges for us to enjoy the Club while keeping us all safe. Please remember that Sorrento SLSC provides a service to the community and our Clubhouse is first and foremost an emergency services building.

### COVID Guidelines

- The Club will be a MEMBER ONLY space, so please do not invite non-members inside the club
- Members must sign in using the QR code posted at entries
- Member access will be restricted to downstairs only – upstairs will be reserved for operational space
- The shower area out the back is CLOSED to members
- Please respect the limits on numbers within the Club and each space as they are signposted on the doors
- Boards are available to ride (with the usual rules) but must be washed AND SANITISED after use (procedures for sanitising are posted in the garage)
- We ask that Members minimise the amount of time they actually spend inside the Club – use the space to keep your bags and get changed but then get down to the beach and enjoy the water!

These guidelines will be reviewed over the course of summer to ensure Sorrento complies with government regulations while also providing Members the opportunity to make as full a use of the space as possible.

### FOBS

The club has a FOB security system for entry. Members are able to apply for a FOB at: [www.sorrentoslsc.com/membership](http://www.sorrentoslsc.com/membership)

Please read the conditions of application carefully to ensure you comply with the requirements. FOB applications will be received and processed up to Christmas Eve. Between Christmas and January 7<sup>th</sup> applications will be received but not processed. Please remember that club officers are incredibly busy during that time and would like to be able to spend some time with their families.
