Introduction

To support operational members currently under the heaviest restrictions and unable to access their clubs, the state office team have put on a schedule of 40 new award / skills maintenance sessions to be delivered in the four weeks of October. The sessions are available at no cost to operational members and delivered out of the LSV State Office with the support of the public training, supply chain and people teams. The sessions are intended to:

- Assist operational members undertake skills maintenance activities;
- Provide an opportunity for members to complete new (or requalify) award training;
- Give Trainers, Assessors and Facilitators (TAFs) an insight on how to deliver COVIDSafe training;
- Enable the opportunity for trainee TAFs to complete the Evidence Form process (new awards only).

COVIDSafe

- All activities will occur in line with the 'LSV COVIDSafe plan';
- New award training will be delivered in line with the 'LSV Training - Delivery Plan';
- Skills maintenance sessions will be delivered in line with the 'LSV - Skills Maintenance Guide';
- High risk members are recommended to delay / postpone training activities.

Fairness

- This training is intended for active patrolling and operational members;
- Members that book into multiple sessions (for the same activity) will be removed from ALL sessions;
- Members should consider the urgency of their training, prior to registering;
- Online learning must be completed prior to attendance at face-to-face sessions;
- Non-attendance will result in members being unable to book into future training activities.

New award bookings can be made now at <https://mt.lsv-from-anywhere.com.au/login?org=lsv>
